BENEFITS OF A PLAYGROUP

Gives children an opportunity to have fun, make new friends and develop new skills through informal play.

Provides parents with an opportunity to meet other parents, make friends and share ideas and experiences.

Allows parents to spend quality time with their children, helping, encouraging or simply playing and bonding with their children.

OVERVIEW OF OUR PLAYGROUP (LEVEL 4)

Thematic: 68 weeks of lesson plan that full of fun and educative themes, different theme weekly and the activities and songs will be related to the theme to make sure the objective of the lessons are achieved. Additional theme for big Celebration such as Mothers Day, Eid Mubarak Day, Hiji Day and Independence Day.

Stimulative Games & Play: Vigorous structured activities to stimulate the child's mentally and physically. All they know is fun and entertaining games with lots of apparatus to develop their fine and gross motor skills such as balls, bean bags, parachute play, ribbon streamers, lots of musical instruments and countless Montessori and brain development apparatus. Through these stimulative games, they will learn the crucial skills such as listening & focusing skills, playing skills, interacting & socializing skills, fine & gross motor skills, thinking skills and many more skills to help them become a competitive and confident little Khalifah.

Alphabet Recognition: Two most reliable indicators of future reading success are Phonemic Awareness & Alphabet Recognition. Using fun & interesting resources - Arts On The Apple book, the children will enjoy learning about the big and small alphabets and its sound and not only that, they learn about Sign Language too!

Hijayah Recognition: The children will also learn to read the Hijayah Letter 'Alif' to 'Ya' & its sound according to the punctuation mark. Using the simple yet effective song and action, the children will be able to recognize the Hijayah letter easily and effortlessly.

Problem Solving & Learning Time: Different skills develop every week when they train themselves to solve the problem according to the task given based on the theme for the week.

Learn By Art & Craft: Through Arts & Craft Session, children will learn to think through ideas, develop spatial, visual awareness as well as manipulative skills. The session will help the children to understand the theme letter every week as they manifested what we have learn for that week in a different way.
